

Bluetooth mesh wireless lighting control
Product Specification Sheet

Product Type	False load	
Product Number	TEQ-MINI LOAD	
Wire length	140.0mm	
Product Dimensions	Length	25.0mm
	Width	20.0mm
	Height	10.0mm
For Receiver Type	Radio Frequency (RF) + Bluetooth Low Energy (BLE) Wireless Dimmer or Switch	
Power Consumption	< 1.4W	
Prevents flicker of connected lights		
Allows the reduction of the minimum load required on small (1- 2 lamp) circuits without flicker.		
To be used if required load is below 5w		
Designed to work with 2-wire dimmer or switch with no neutral wire
