

RF+Bluetooth RGBW Wall Mounted Remote

70200045

Important: Read All Instructions Prior to Installation

Function introduction

Battery: CR2450
Before the first use, please open the battery cover and remove the protective film

Back side

Product Data

Output	RF+Bluetooth signal
Operation Frequency	2.4GHz
Power Supply	3V(1xCR2450 battery)
Operating temperature	0-40°C
Relative humidity	8% to 80%
Dimensions	80x80x13.6mm

- RF+Bluetooth RGBW remote
- Control 1 zone of RF+Bluetooth receiver
- Enables to save and recall 2 scenes for each zone
- Easy & quick pairing to the RF+Bluetooth receivers by simply pushing the buttons
- Mesh network for further control distance, receivers can transmit signal to each other
- Each remote can control numerous receivers
- Each receiver can be paired to max. 8 remote controls
- The controlled receiver status can be quickly synchronized to the smart APP
- Transmission range between every two neighbor devices up to 30m
- Bluetooth low power consumption technology, long battery life
- Waterproof grade: IP20

Safety & Warnings

- This device contains a button lithium battery that shall be stored and disposed properly.
- DO NOT expose the device to moisture.

Pair with RF+Bluetooth receiver

Step 1: Do wiring the RF+Bluetooth receiver according to wiring diagram (please refer to the instruction of RF+Bluetooth receiver that you would like to pair with).

Step 2: Click the "Prog. Key" or "Reset" button on RF+Bluetooth receiver (or reset power of the receiver 3 times continuously if the button is not accessible) to set it into pairing to RF remote status

Step 3: Click any button of the remote (e.g. button S2), LED lights connected with the receiver flicker means the receiver is paired with the remote successfully.

Note: one receiver can be paired with max 8 remote controls.

Installation

1. Remove battery insulator

2.Install the controller to wall(2 methods)

Method 1:Stick 3M glue on the back of the bracket and then stick the bracket to the wall

Method 2:Screw the bracket to the wall

After the bracket is fixed,clip the frame and control part to the bracket in sequence

The key part of this controller is a universal, standard size design switch element that can be integrated in numerous frames by different manufactures as below list:

BEKER	S1, B1, B3, B7 glass
GIRA	Standard55, E2, Event, Esprit
JUNG	A500, Aplus
MERTEN	M-smart, M-Arc, M-Plan
